Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-14, drawn to a graphical user interface.

Group II, claim(s) 15-18, drawn to a method for providing a graphical user interface monitoring and/or controlling of a computer controlled dairy farm system or part thereof.

The inventions listed as Groups I and II do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: Group I includes the special technical feature of a schematic status indications for at least one of said objects. Group II includes the special technical feature of a representation having a spatial location in relation to the other object(s) of the respective object is **mapped** to the spatial location of the respective represented part of said dairy farm system. Each special technical feature of a particular group is not claimed in the remaining group. A telephone call was made to Thomas Van Hoozer on October 01 ,2003 to request an oral election to the above restriction requirement, but did not result in an election being made.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
